

Table of Contents

Section 1	Program Overview	1-1
Section 2	Program Goals and Objectives.....	2-1
Section 3	Advocacy/Partnerships	3-1
Section 4	Program Science and Applications	4-1
	Program Implementation	4-2
	Science Overview.....	4-3
	Solar Science.....	4-4
	Heliospheric Science	4-6
	Magnetospheric Science	4-9
	Ionospheric Science.....	4-10
	Upper Atmospheric Science	4-11
	Applications	4-12
Section 5	Missions	5-1
	Space Weather Research Network Architecture.....	5-2
	Core Elements	5-4
	Solar Dynamics Observatory	5-5
	Radiation Belt Mappers	5-11
	Ionospheric Mappers	5-17
	Sentinels.....	5-24
	Complementary Programs	5-31
	Solar Terrestrial Probes	5-43
	Space Environment Testbeds.....	5-46
	Supplementary Programs.....	5-49
Section 6	Ground Segment.....	6-1
Section 7	Theory and Modeling	7-1
Section 8	Science/Applications Data Processing and Analysis	8-1
Section 9	Education and Public Outreach.....	9-1
Section 10	References.....	10-1
Appendix A	GSFC Study Team Members	A-1
Appendix B	Acronyms.....	B-1
